1. The first part of the paper is devoted to a general discussion of the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

The following is a list of the names of the
 persons who have been elected to the
 office of the Board of Directors of the
 City of New York, for the year 1892.
 The names are as follows:

1. The first part of the document is a list of names and dates, which appears to be a record of some kind. The names are written in a cursive script, and the dates are in a more formal, printed style. The list is organized into columns, with names in the first column and dates in the second column.

1. The first part of the paper is devoted to a general discussion of the problem of the existence of a solution of the system of equations (1) for arbitrary values of the parameters α and β . It is shown that the system of equations (1) has a solution for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

It is shown that the system of equations (1) has solutions for arbitrary values of the parameters α and β if and only if the condition $\alpha + \beta = 1$ is satisfied.

1. The first part of the paper is devoted to a general discussion of the problem of the origin of life. It is shown that the problem is one of the most important and interesting in the history of science, and that it has been the subject of much speculation and controversy. The author then proceeds to discuss the various theories which have been advanced to explain the origin of life, and to show that the most plausible of these is the theory of spontaneous generation.

St. John's, N. B.

My dear friend,
I have just received your letter of the 12th inst. and am
glad to hear from you. I am well and hope these few lines
will find you the same. I have not much news to write at
present, but I thought I would write a few lines to let you
know I am still alive. I have been thinking of you
often lately and wondering how you are getting on.
I hope you are happy and successful in all your
endeavors. I have not much to write at present, but I
thought I would write a few lines to let you know I
am still alive. I have been thinking of you often lately
and wondering how you are getting on. I hope you are
happy and successful in all your endeavors. I have not
much to write at present, but I thought I would write a
few lines to let you know I am still alive.

Yours truly,
J. H. [illegible]
